

Trail #7 Yankee Reservoir / Paragonah / Parowan Ride

Ride Info

Length: 57 miles

Time: 7 ½ hours

Rider Skill Level: Intermediate

This ride begins at Panguitch Lake. Riders will trailer their vehicles to the lake then begin the loop which can easily be started from either direction. Recently this ride was taken up Horse Valley Road (Trail 076) then down Road 3510 to Red Creek Reservoir where bathrooms are located. This is a beautiful ride that runs from the high mountains, down to the town of Paragonah then to the town of Parowan which is a great place for a lunch stop where food and fuel is available at the Maverick store. This ride then heads up Second Left Hand Canyon to high country again and Yankee Reservoir pictured above. There are no trail restrictions for this 57 mile ride which is considered an Intermediate Trail Ride. Allow 7 ½ hours roundtrip total.
